

Isaiah's Pain(t) Version 4.0.0 - 10/18/2021

New features:

- * New Third Dimensional shape now available as a square, rectangle, and circle!
- * Indicator tool which prompts you with a message explaining what feature you are using.
- * You can now create unique and fun shapes in your canvas
- * Select-Copy-Paste is now available.

Known issues:

- * Currently, our eraser tool not only erases your markings, but your entire canvas. Expect this to be fixed in version 4.5
- * Smart Save is currently not working. Expected next sprint (Version 3.5)
- * Unfortunately, you are still limited to working with one tab only until we are able to add the use of multiple tabs.
